Subj: Final payment for 217 Highland Drive, Summerville

Enclosed are two checks for the balance of your invoices.

We want to compliment you once again on the fine job you've done remodeling our home. Your crew is extremely professional and talented. We greatly appreciate the personal supervision you give to the job and the courtesy that all your employees show.

We are still a long way from our goals for the property, but you will be the first person called when we start the next phase. It is a pleasure to work with you, Mark.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Brown". The signature is fluid and cursive, with a long horizontal flourish extending to the right.
