

Mark,

We thank God He put you in our lives! If you wouldn't have moved in, we'd have never known you. It's awesome to see everything fall into place and our dream home become a reality. When you took over, that's when things became easy for us. You did a great job and we very much respect your hard work and how seriously you take your job. Even though at some times I felt caught between 3 dads, it all worked out with everyone's love, support and dedication. We wish your family the best and please keep in touch, neighbor!

Love, Leslie & JB

You really went
above and beyond.
